## MINUTES OF TOWN MEETING 1931

Pursuant to the foregoing Warning and notification the legal voters of the Town of Manchester met in Town Meeting at the Opera House in Manchester Center in said Town of Manchester, on the 3rd day of March, 1931, at 10 o'clock in the forenoon of said day to transact the following business:

The meeting was called to order by the Moderator, F. C. Archibald, and the various articles of the Warning were taken up and considered as follows:

### Article 1

"To hear and act upon the report of the Town Officers." The motion was made and duly seconded that the report of the Town Officers, as published be accepted, with the exception of recommendation of Taxes.

### Article 2

"To see if the Town will vote to appropriate the sum of One Thousand Dollars or any other sum, for permanent highways, in accordance with the statute relating thereto." On motion of F. M. Walker, it was voted to appropriate the sum of \$1000 for permanent highways in accordance with the Statute relating thereto.

### Article 3

"To see if the Town will vote to instruct the Selectmen to appoint one or two Road Commissioners, instead of electing them by ballot." Motion made that the Town vote to instruct the Selectmen to appoint Road Commissioners. Ballot called for. Total vote 251. Yes, 105; No. 146. Voted not to instruct Selectmen to appoint Road Commissioners.

### Article 4

"To see if the Town will vote the sum of One Hundred Dollars to Manchester Post, No. 38, American Legion \* \* \* \* for Memorial Day." Motion made and seconded that One Hundred Dollars be appropriated as above specified.

## Article 5

"To see if the Town will vote a sum not to exceed \$300 to maintain a force of paid firemen." On motion of L. F. Martin, duly seconded, it was voted to appropriate a sum not to exceed \$300 for purpose as above set forth.

## Article 6

"To see if the Town will vote to authorize the School Directors to pay Burr and Burton Seminary any sum in addition to the legal requirement per year per pupil for tuition for the school year 1931-1932, and if so, how much?" On motion of L. F. Martin, duly seconded, it was voted that the School Directors be authorized to pay Burr and Burton Seminary \$60 in addition to the legal requirement, per year, per pupil for school year 1931-1932.

## Article 7

"To see if the Town will vote to appropriate the sum of \$200 for the care of the Cemetery at Manchester Center." On motion of Burt Willard, duly seconded, it was voted to appropriate the above specified sum for the purpose stated.

## Article 8

"To see if the Town will vote to appropriate the sum of \$300 to Manchester Band for Band concerts." Motion made and duly seconded that the Town vote to appropriate the sum of \$300 as stated above. Motion carried.

## Article 9

"To see if the Town will appropriate the sum of \$500 to the Manchester District Nursing Association." On motion of G. S. Bennett, duly seconded, it was voted to appropriate the sum of \$500 for above stated purpose.

## Article 10

"To see if the Town will vote to appropriate the sum of \$100 to the Manchester Garden Club for the care of parks, gardens and general civic work." After some explanatory remarks by W. H. Shaw in favor of work accomplished by above named committee, and on motion by said Walter H. Shaw, duly seconded, it was voted to appropriate the above stated sum of \$100 for the purposes specified.

## Article 11

"To see if Town will vote to purchase additional Fire Fighting Apparatus." E. S. Marsh explained the matter quite in detail, after which on motion of L. F. Martin, duly seconded, that a committee be appointed by the Moderator to investigate this matter and report to Selectmen, who should report next spring,—the vote was amended to have committee report to Selectmen within three months. The committee appointed being Frank Regan, E. S. Marsh and Phillip P. LaBounty.

## Article 12

"To hear and act upon the report of the Committee appointed at the 1930 Town Meeting to investigate the matter of a Town Forest." It was the sense of the meeting that this project be undertaken, and on motion made by W. R. Hard, duly seconded, it was voted that this committee be continued, to report at 1932 Town Meeting.

## Article 13

"To hear and act upon the report of the committee appointed at the 1930 Town Meeting relative to the Town Poor Farm Property." Motion made and duly seconded that the report of this committee be adopted and committee discharged; it was voted.

## Article 14

"To see if the Town will vote to accept the provisions made by law for the payment of Taxes to the Town Treasurer." It was voted that this Article be adopted.

## Article 15

"To vote a tax to defray the expenses of the Town for the ensuing year." Motion made and seconded that the recommendation of Auditors as to taxes, be adopted, and amendment made as to Direct State Tax making it 12½c, making total \$2.70. The following amount was the tax voted:

## MINUTES OF SPECIAL TOWN MEETING, 1931

Pursuant to the Warning and notification the legal voters of the Town of Manchester met in Special Town Meeting at the Opera House in Manchester Center, in said Town of Manchester on the 26th day of May, 1931, at ten o'clock in the forenoon of said day to transact the following business:

The meeting was called to order by Wm. A. Griffith, Selectman. F. L. Howard was nominated from floor, and seconded, for Moderator, pro tem, and was unanimously elected. Warning was read by Assistant Town Clerk. The various articles of the Warning were taken up and considered as follows:

### Article 1

"To see if the Town will vote to authorize the Selectmen to construct a concrete highway from the Marble bridge in the Village of Manchester Center, to a point at or near the residence of C. E. Young in said Village; and appropriate a sum of money not to exceed Twenty-five Thousand Dollars (\$25,000) to be used with other money to be appropriated by the State of Vermont for the purpose of constructing said concrete highway."

Motion made by Frank Regan to lay article on table for hour, for discussion, seconded by L. F. Martin. Put to vote; not carried.

Motion made by W. H. Shaw to adopt Article 1, duly seconded. Motion carried.

### Article 2

"To see in what manner the Town will vote to raise any sums of money voted to be appropriated under Article 1." Motion made by A. B. Marsden to leave matter as specified in this Article to the discretion of Selectmen. Motion made by W. H. Shaw to reconsider

his original motion made on Article 1; seconded by R. J. Orvis. Vote taken. Motion carried. Discussion on Article 1 followed. Ballot called for on Article 1. Number of votes cast 320. Yes 264; No 54; Defective 2. Article carried.

Article 2. A. B. Marsden's resolution again presented, duly seconded. Voted upon and motion carried.

### Article 3

"To see if the Town will vote to authorize the Selectmen to borrow any sums of money appropriated under Article 1, and if so, upon what terms and for what length of time?" P. W. Fowler made motion that the Selectmen be so authorized. Motion duly seconded and carried.

### Article 4

"To hear and act upon the report of the committee appointed pursuant to a vote of the annual Town Meeting of 1931 to investigate the matter of purchasing additional fire fighting apparatus." Frank Regan, reporting for committee, explained results of investigation, kinds of apparatus that might be purchased, and their costs. At Mr. Regan's request L. H. Thompson described equipment of Barre Fire Department, and explained that that department used mainly a pumper with booster tank. W. H. Shaw made motion that meeting request Fire District No. 1 to co-operate by purchasing apparatus as recommended by the present committee. Motion seconded. Ballot called for on Mr. Shaw's resolution. Number of votes cast 79; Yes 62; No. 17. Motion carried. Motion made that this committee be thanked for its services, and dismissed. Voted upon and motion carried.

Motion made to adjourn at 11:46. Motion carried.

A True Record.

ALICE E. BENNETT, Town Clerk.

### School Directors' Report, Year Ending Jan. 31, 1932

In accordance with Chapter 52, Section 1196 of the General Laws of Vermont we respectfully submit the following report:

Enrollment of elementary pupils, 264.

Enrollment of high school pupils, 88.

Average amount expended per elementary pupil, \$84.90.

Amount expended per high school pupil per year, \$120.00.

#### Cost of Each School:

##### Manchester Depot—

Primary, number of pupils 29, cost ....\$ 2,439 44

Intermediate, number of pupils 19, cost.. 1,908 77

##### Manchester Center—

Primary, number of pupils 24, cost .... 1,473 42

1st Intermediate, number pupils 16, cost	1,281 28
2d Intermediate, number pupils 29, cost	1,589 25

Transportation to Hollister from Barnumville . . . . .	270 00
High school tuition . . . . .	9,630 00
	<hr/>
	\$32,043 15

General cost such as books, supplies, administration, etc., are distributed in proportion to the number of pupils in each school.

The high cost per school at the Depot, Village and East Manchester is due to repairs made.

The following repairs and improvements have been made during the year:

Manchester Depot—Boiler re-set and steam pipes covered.

Manchester Center—School ground graded, steel ceiling put on one room on account of poor plaster.

Village—Six old toilets replaced with new ones, new copper water pipe from main to school house, repairs to roof, seats, windows, doors; additional blackboards, improvement in electric lighting, etc.

East Manchester—Chemical toilets, completing the standardizing of this school.

We recommend 125 cents on the dollar of the Grand List for school purposes the coming year.

The conditions and needs of the schools are incorporated in the Superintendent's Report published herewith.

### **Report of Superintendent of Schools**

Manchester Center, Vt., Jan. 28, 1932.

The Manchester School Board:

Among matters worthy of comment concerning the work of the schools during the fiscal year just ending are the following:

1. Since last April eight sets of stereopticon slides have been shown in the three larger schools as an experiment to determine the value of such visual instruction. The results were most gratifying, and proved without a doubt that picture exhibition is a most effective means of instruction. I am convinced that, considering the immense amount of subject matter available in educational films, the purchase of a classroom motion picture projector at a cost of around \$215 would be a most productive investment for the board to make.

2. The work in manual training, begun last February under the direction of Mr. Clarke, was carried on for about ten weeks with a group of twelve boys. This year a group of eight will start work January 29. That project appears to be worthwhile, and it is unfortunate that facilities are lacking for giving the girls a similar opportunity along the line of domestic science.

3. The chief text book changes have been: (a) Introduction of a new text for the European background work in seventh grade History. (b) Introduction of an excellent new Civics text to replace a miscellaneous lot of rather ancient ones in use. (c) Introduction of

a new text for seventh grade American History.  
(d) Purchase of miscellaneous readers and other texts where needed.

4. I recommend that doors equipped with a self-releasing exit latch be installed at the foot of the back stairs at the Center School as a safety measure in case of fire. The present arrangement could easily result in a catastrophe of a sort one dislikes to think of.

5. The gray and greenish blackboards at the Center School should be replaced with black ones. Writing on the present boards is difficult to see on dark days even with electric lights, and the condition is not satisfactory when the light is at its best.

6. The Center School, while having the largest number of pupils of any school in town, is lacking in a corresponding amount of playground equipment.

7. The improvements toward standardization at East Manchester have made that school one of the most attractive in town. Any citizens interested in schools can find there an excellent example of how attractive a rural school can be.

8. Teachers frequently express regret that there is no regular instruction in music, and it does seem unfortunate that our pupils do get so little instruction in that subject. The subject is not wholly neglected as the teachers have made use of such facilities as are available in an endeavor to teach something of music appreciation and rhythm, but much more might be accomplished through the services of some one with training for that work.

Respectfully submitted,

EDWIN L. BIGELOW, Supt.

### Commissioners' Report

Each year some special work is brought about for the general improvement of the Center Cemetery. This year the Factory Point Cemetery Association was the recipient of a gift from Clara Chamberlain Howard of \$100.00. The money was given with the understanding that it was to be used for grading and seeding the town pauper section of the cemetery. This part of the cemetery was found to be in a deplorable condition due to the fact that nothing had ever been done to keep it in condition. The commissioners found that to put the whole section in shape it would cost \$250.00. This work has been completed. By repairing the town section it developed about twenty lots on the south boundary which, when sold, will more than reimburse the Cemetery Association for the money spent for the improvement made.

The fence posts on the east boundary were renewed this year. The remaining unsold sections were surveyed, giving a number of valuable lots. New maps have been made of all the lots in the cemetery. Each year we are increasing the number of lots in permanent care. It is hoped that eventually the cemetery will all be under care.

The commissioners are asking the town to vote fifty dollars more than has been voted previously to apply on the work done on the town section.

W. W. BENNETT,  
Secretary Cemetery Commissioners.

# WARNING

Legal Voters in Town Meeting in the Town of Manchester, State of Vermont, are hereby warned and notified to meet at the Opera House, in the Village of Manchester Center, in the said Town of Manchester, on the 1st day of March, 1932, at the hour of ten o'clock in the forenoon of said day, to transact the following business:

Art. 1. To hear and act upon the reports of the Town Officers.

Art. 2. To see if the Town will vote to appropriate the sum of One Thousand Dollars, or any other sum of money, for permanent highways in accordance with the statutes relating thereto.

Art. 3. To see if the Town will vote to instruct the Selectmen to appoint one or two road commissioners instead of electing them by ballot.

Art. 4. To see if the Town will vote the sum of One Hundred Dollars to Manchester Post, No. 38, American Legion, to defray the expenses incident to the observance of Memorial Day, 1932.

Art. 5. To see if the Town will vote to appropriate the sum of \$500.00 to the Manchester District Nursing Association.

Art. 6. To see if the Town will vote some sum for fire protection, and if so, what sum.

## MINUTES OF TOWN MEETING, 1932

Pursuant to the foregoing Warning and notification the legal voters of the Town of Manchester met in Town Meeting at the Opera House in Manchester Center, in said Town of Manchester, on the 1st day of March, 1932, at 10 o'clock in the forenoon of said day to transact the various articles as set forth in said Warning.

The meeting was called to order by the Moderator, F. C. Archibald, and before the regular business was taken up, the action on the Articles of the Warning was deferred by motion made and duly seconded, until a Moderator and Clerk be elected: F. C. Archibald was elected Moderator and Alice E. Bennett was elected Clerk.

### Article 1

"To hear and act upon report of the town officers." On motion of W. H. Shaw, duly seconded, it was voted that the report of the town officers be accepted, with the exception of recommendation as to taxes.

### Article 2

"To see if the town will vote the sum of one thousand dollars \* \* \* \* for permanent highways." On motion of George F. Lawrence, duly seconded, it was voted to appropriate the sum of one thousand dollars for permanent highways, in accordance with the statute relating thereto.

### Article 3

"To see if the town will vote to instruct the selectmen to appoint one or two road commissioners, instead of electing them by ballot." On motion made by L. F. Martin, duly seconded, it was voted that the article be laid on the table.

## Article 4

"To see if town will vote the sum of one hundred dollars to Manchester Post No. 38, American Legion \* \* \* for observance of Memorial Day, 1932." On motion of Burt Willard, duly seconded, it was voted that the sum of one hundred dollars be appropriated as above specified.

## Article 5

"To see if town will vote to appropriate the sum of Five Hundred Dollars to the Manchester District Nursing Association." After explanatory remarks as to the work of the association, made by W. H. Shaw, it was voted, on motion of L. F. Martin, duly seconded, to appropriate the said sum of \$500 as above specified.

## Article 6

"To see if the town will vote some sum for fire protection, and if so, what sum?" Motion made by Rev. A. M. Clarke, duly seconded, that the town appropriate \$300. E. S. Marsh moved to amend the motion by increasing the amount appropriated to \$500; amendment seconded. W. H. Shaw moved to further amend the motion by referring the matter to the Selectmen, giving them the power to make proper payment without any limit as to the total sum; the motion as thus amended was carried.

## Article 7

"To see if the town will appropriate the sum of \$100 to Manchester Garden Club \* \* \*". After remarks by L. F. Martin, in which he gave a report of the work done by the Club, and on his motion, duly seconded, it was voted to appropriate the said sum of \$100 for the uses of said Club, as specified in above article.

## Article 8

"To see if the town will vote to authorize the School Directors to pay to Burr and Burton Seminary any sum

in addition to the legal requirements, per year, per pupil, for tuition for the year 1932-1933, and if so, how much?" It was voted that the town authorize the School Directors to pay to Burr and Burton Seminary \$45 per year, per pupil, for the year 1932-1933, in addition to the legal requirement of \$75.

#### Article 9

"To see if the town will vote to appropriate the sum of \$250 for care of cemetery at Manchester Center." Motion made by Burt Willard, and duly seconded, that town vote to appropriate the sum of \$250 for purpose specified. Motion carried.

#### Article 10

"To see if town will vote to appropriate the sum of \$300 for Manchester Band \* \* \* for concerts." J. S. Batchelder made motion that the appropriation of \$300 be made, as above specified; duly seconded, and motion carried.

#### Article 11

"To see what salary shall be voted to Town Clerk." On motion of L. F. Martin, duly seconded, the same salary of \$600 was voted to Town Clerk.

#### Article 12

"To see if town will vote to accept provisions made by law for payment of taxes to Town Treasurer." Motion made and seconded that this article be accepted. Motion carried.

#### Article 13

"To see if the town will take any action to relieve unemployment situation in Manchester." On motion of Frank Regan, duly seconded, that action on this article be left to the Selectmen.

---

\$30,614 92

General costs such as books, supplies, administration, etc., are distributed in proportion to the number of pupils in each school.

Our school buildings are in a good state of repair and during the past year numerous improvements have been made as indicated above. The Center building was given two coats of paint on the outside and the other buildings will soon have to receive some attention along this line. There is also still much opportunity for improvement which should receive our attention as soon as conditions permit.

We recommend a tax of \$1.22 for the coming year.

### Report of Superintendent of Schools

Manchester Center, Vt., Feb. 4, 1933.

The Manchester School Board.

Gentlemen: The elementary schools have completed another year of successful service to Manchester's children, and the following statements indicate some of the more important accomplishments of the past year as well as suggest a policy for the coming year.

1. The achievement tests given last spring confirmed the excellent ranking attained in previous years. Since these tests have been used for five successive years with similar results, they can be omitted this year, or perhaps given only in the eighth grade as a measure of economy.

2. This fall a grade progress survey was made of the schools which showed 67.03% of the pupils making normal progress; 29.71% making slow progress; and 3.26% making rapid progress. The figures compare favorably with the results of similar surveys elsewhere. The largest percentage of retardation is in the fourth grade.

3. Eight boys enrolled for manual training for a period of ten weeks last winter under the direction of Mr. Clarke, and did some very creditable work. The articles were exhibited in Whipple's Drug Store win-

dow. I hope funds can be furnished for that work this year as there are fifteen boys interested, and the results are well worth the small cost.

4. The attendance for the fall term was unusually good with an average of 97.3% for the town.

5. The teachers have taken a Red Cross course for credit in First Aid in place of the usual study group of previous years. Such a course should give the teachers some degree of efficiency in dealing with the minor accidents that frequently occur to children during school hours.

6. The only text purchase of any consequence since my report of last year was the completion of Study readers through the fifth grade. Text purchases for the coming year can be limited to such minor replacements and additions as are usually necessary because of changing numbers of pupils in the various grades, and the general wear and tear of books in use.

7. The present awakening of community interest in the schools as evidenced by the organization of Parent Teacher Associations; the furnishing of milk by the Order of Eastern Star; and the demand for better teaching of music in the schools is to be commended and encouraged. There can be some question as to the wisdom of expanding school functions at present through public funds, but there can be little objection to the use of private funds for such purposes until such time as the town may feel that it can afford to add such features to its school work.

8. The physical improvements made this year that have been of most benefit to school operations are:

1. The extension of the chimney at Hollister School which has corrected the ventilation difficulty there.
2. The new toilet arrangements at the Center School.
3. The installation of electric lights at the East Manchester School.

9. All citizens are interested in cutting costs for the coming year, and it is reasonable to expect the schools to contribute their share of retrenchment in the general program, although opinions may differ as to what extent, and by what method this may best be done.

I feel reasonably sure that if citizens would take the trouble to visit our schools and see the work that is

being done there, they would hesitate a good while before insisting upon economies that would tend to interfere with the efficient conditions that exist.

Manchester's schools have been built up to a standard from which we do not wish to see them recede, although under the exigencies of the times it may be wise to postpone plans for further progress until such time as the expense may be borne more easily than at present.

While I do not wish to seem to be approving the heating and ventilating conditions at the Center School, their betterment can be postponed, although there may be some significance in the fact that the worst outbreak of illness this winter occurred in that building. Likewise the old green blackboards can continue in use, and the toilet situation is so much improved that the contemplated extension of the project already begun can be postponed. While the primary room at the Village School is the least satisfactory room we have, and sadly in need of changing, yet good teaching is being done there, and can be done awhile longer as it has in the past. The text book situation is such that expense in that direction can be curtailed for a year or two.

10. I believe that a sufficient saving can be made by holding our school plant right where it is to offset the expected increase in high school tuition expense the coming year which cannot be avoided owing to the fact that the present eighth grade of 45 is the largest for some years. The indications are that taking into consideration the number expected to graduate from the Seminary this year, the town will have a net increase of 22 more pupils to pay tuition for next year than there have been this year.

Nobody can be blamed for that situation, and if the School Board can manage its business for the coming year so that our elementary schools are maintained at their present standard, and 22 additional pupils taken care of at the Seminary with a tax of \$1.22 which will yield about \$700 less income than the present rate, the citizens ought to feel satisfied that a good job will have been done.

Respectfully submitted,

EDWIN L. BIGELOW, Supt.

## SELECTMEN'S STATEMENT

To the Voters of the Town of Manchester:

The Selectmen of Manchester feel that a statement by them at this time might be of some benefit to the voters in determining what is best to be done at the coming annual meeting.

At the beginning of the past year the Selectmen and Auditors prepared a budget for the year and from this budget the taxes for the year were computed and this budget was followed as closely as possible throughout the year. As this was the first year this had been attempted it was not perfect but did help us materially in our work. This year another budget has been presented to the Auditors and is printed as a part of the Town Report in order that you may have a chance to study it and come to March meeting prepared to discuss it intelligently.

The Selectmen were instructed at the last Town Meeting to take care of the unemployment situation as occasion demanded in the town. Our first opportunity to do any of this work was when we were asked by the state to furnish a list of names of men needing help. We sent in a list containing about fifty names. Many of these men were given work on the Federal aid projects in the Town of Peru and as this work progressed, more men asked to have their names added, until we had a list of about one hundred names. We followed this up by frequent visits to the job and by keeping in touch with the situation. We believe Manchester had its full quota of men at work here all of the time.

The work at the Tool House and on the guard rail construction in the Dugway was carried on in such a way as to give as many as possible some benefit. Later in the year men and trucks were used to gravel some of our roads. In this work two different gangs of men and trucks were used each week in order to give as many as possible some help.

Some criticism of the condition of our back roads has been directed at the Selectmen. In this connection we would like to call your attention to the fact that all of the highway tax that you voted was spent by your

road commissioner before June 1st so that whatever work was done after that time on town roads had to be paid for by the Selectmen out of the General Fund. There was no tax voted for this work so it goes as a deficit in your Town Report. Some might ask why the Selectmen expended this amount if they did not have the funds for it. There were two reasons for doing this, first, the roads where this money was expended were in very bad condition and we felt it necessary to do something to them before they became impassable. Second, we were authorized by the voters to provide work for the unemployed and we thought money expended on these roads would be of the greatest benefit to the town. However, we think this arrangement is not a satisfactory one for the town to follow. You should vote a highway tax covering what you want spent on your town roads and then let your road commissioner distribute this money over all the roads as he deems best. The Selectmen do not want to build town roads and it is not their duty to do it and you should not expect them to do it, they have plenty of other duties to perform. The budget we have prepared will show you how much you have to spend on town roads if a forty cent tax is voted. You have 30 miles of town roads to care for with this amount.

We are recommending that a snow removal tax be voted this year. If this is done the Village will receive their proper proportion of this money, something they have never had before, but something to which they are entitled under their charter. As the average cost of this work for the last ten years has been \$1,000.00 per year we are asking for a five cent tax.

We are also asking that a separate tax be voted this year for the care of the poor. This appropriation has always been taken care of in other years in the General Fund tax. The Selectmen look after the General Fund but they have nothing to do with the expenditures of the Overseer of the Poor, so why mix these accounts? A study of the cost of the poor for the last year will show that it will take a forty-cent tax to cover this cost at the present rate so we are recommending this amount for the coming year.

This year we have constructed a tool house or machinery shed where the town tools and equipment

may be properly housed and cared for. This building has three large rooms, the two end rooms being large enough to store all our road machinery and the center one is used for store room for snow plow and truck. This center room can be heated so the snow plow can be started out at any time that it is necessary to plow out our roads.

The concrete bridge constructed this year on the highway leading from Manchester Center to Dorset is a decided improvement for the town. The old bridge at this place was not constructed to carry the heavy loads that go over this road now. The total cost of the bridge was \$5,015.86 but as the State paid two-thirds of the cost, this bridge cost the town only \$1,671.95.

A guard rail was constructed in the Dugway in order to make this highway safer for traffic. The State offered us aid in this work as they considered it a dangerous spot and one which they wished to have protected. The cost of this project was \$829.32 and we received from the State \$500.00 so the net cost to the town was \$329.32. The posts have not as yet been painted and there are some other small items which cannot be done until spring, so there will be some additional cost to finish this job.

We did not spend the \$1000.00 for permanent highways that was voted at the last March meeting as we felt that we could not afford this after the extra expenditures we had made on our town roads this year. However the State will match this sum if we do this work this year and we can also vote another \$1000.00 this year and have it matched in the same way by the State, if this seems desirable.

We all want to cut taxes this year to the lowest possible point and it is with this point in view that we have prepared this budget. We want you to study it carefully and determine where our expenses can be cut, what items you wish to leave out, what you want reduced and anything you can suggest for the good of the taxpayers of this town.

T. J. HEALEY,  
O. B. COY,  
W. A. GRIFFITH,  
Selectmen.

## DISTRICT NURSING ASSOCIATION

The Manchester District Nursing Association is a service for everyone in the community. Its primary principle has always been bedside nursing. During 1932 there were 759 nursing visits made and 1745 visits to the homes. More modern trends in public health nursing encourage the health supervision of children also and assistance with social problems. There were 283 social service visits made and 721 health supervision visits.

For several years a Christmas fund has been raised for the purpose of making gifts of new clothing to families in need of it. This phase has grown until in 1932 it reached 27 families with 98 children. Hundreds of pieces of used clothing have been distributed as well as new garments made from the Red Cross cloth. The expenditure for Christmas relief was approximately \$175.00. This money was furnished largely by private subscription and included the total spent for the Salvation Army and the New England Telephone Co. employees. The items furnished were 25 pairs of shoes, 116 pairs of stockings, 23 pairs of rubbers, 8 pairs of overshoes, 50 sets of underwear, 20 pairs of trousers, 26 sweaters, 4 outside coats, 4 pairs of pajamas, 19 pairs of mittens, 10 blouses and 5 boys' hats. The co-operation of local merchants in giving liberal discounts made this result possible.

A great deal of co-operation has been received from the local church groups, the town officials, the Red Cross, the Children's Aid Society and the State Nurses. During 1932 there were ten cases with orthopedic defects registered and visited by the State Infantile Paralysis Nurse. Too much cannot be said for the importance of co-operation. It means team work mutually with our organization and all others working for the good of the community.

Health inspection in the schools and home visits to encourage the correction of defects is a valuable part.

of our work. When people are hampered because of finances to attend to teeth and vision, we do all in our power to supplement help. In 1932, \$200 was spent for dentistry, and then we had just begun.

The Putnam Memorial Hospital fire was a severe blow to us in Manchester for they were very charitable in their attitude toward us. In spite of this much corrective work has been accomplished. In 1932 there were 82 people taken to out of town clinics, specialists or hospitals, the farthest in the state being Burlington, and out of the state, Albany.

We consider group education of great importance. For this reason we have sponsored posture and swimming classes. A standard course in First Aid for the teachers in the elementary grades has been in process since November, also.

Two other projects worthy of great note must be mentioned. One of these was the campaign against smallpox in conjunction with a state wide urge. The town agreed to pay for those unable to do so. About 125 were vaccinated in all, 80 of these being at clinics. The other project made possible by the doctors and interested volunteers was the Summer Round Up for the pre-school children entering school in the fall for the first time.

We could go on to elaborate, but it can be seen without further space that we are doing the best we know how to fill our place in the community. The budget for our fiscal year showed that 78 per cent of our work was free. We feel sure that in 1933 the percentage will be even higher as many people have had to lapse their insurance policies, and cannot afford to pay for nursing service. But all those people know that they will receive just the same help and care even though they are victims of the depression. A Public Health Nursing Service is never more needed nor more of an asset than during times of depression.

Respectfully submitted,

MILDRED WYE, Nurse.

## TAX BUDGET

The Auditors, after consultation with Town Officials, recommend the following taxes for the ensuing year:

Schools .....	\$1.22
Highways .....	.40
(This item includes the patrol work, the amount payable to the State for maintenance of State Roads in this town, and the Village of Manchester receives its proportion of this tax).	
County .....	.02
Interest .....	.10
Deferred Indebtedness, new concrete road, 6 year basis .....	.16
Town Poor .....	.40
Snow Removal .....	.05
General Expenses .....	.50
<hr/>	
Total .....	\$2.85

To whatever total tax is voted there will be added by Town Officials a tax of 30c to cover the deficit shown in the statement of Assets and Liabilities in this report, as required by Statute.
